Contractors for Kids' vision is simple; to eliminate financial hardship in our communities brought on by the sickness of a child. One family at a time, we need to make sure the financial hardship brought on by a sick child does not destroy an already hurt family. Whether it be aiding in paying medical bills deemed "experimental" or due to lack of insurance, we will be there. Whether it be arranging transportation or paying for a room to allow families to remain close during these tough times, we will be there. In the heart breaking case when a child does not survive their illness and a family needs financial help with burying a child, we will be there. We will do as many as these things to the best of our ability, we will always be there, and for this we are responsible, for this is our passion, for this is our vision.
