

The Children's Community
Head Start & Early Head Start

275 Route 25A, Miller Place, NY 11764

Dear Community Friend,

THE CHILDREN'S COMMUNITY HEAD START/EARLY HEAD START of Community Programs Center of Long Island, Inc. is a federally funded preschool program for income eligible families. We have centers in Port Jefferson and Ronkonkoma. We also have a Home-Based program for Infants, Toddlers, and Expectant Women.

The Children's Community Head Start/Early Head Start provides a **FREE** educational program, including developmental activities and meals. Health, Nutrition, Family Services, and Parent Involvement are also a part of our program. Children with special needs are welcome.

We would appreciate your help in an effort to inform our community members that **HEAD START/EARLY HEAD START** is accepting applications for enrollment. Please post the enclosed flyer(s) or give them to any families you feel would benefit from this program. If you need additional flyers, please call 631-585-3131 for Head Start (3-5 year olds) or for Early Head Start (Infants, Toddlers, and Expectant Women) call Maria at 631-509-1979. We will be pleased to send them to you.

Thank you for your help.

Sincerely,

Donna Callan
