

# Karate for a Cure

Sponsored by the

Island Budokan Dojo

Danielle Rosano, a 6-year-old girl at Minnesauke, was diagnosed with a brain tumor. To help raise funds for their family's medical care costs, a long-time Minnesauke supporter, Sensei Daniel Hayes of Island Budokan Karate School, has graciously offered to donate the proceeds from one month's worth of karate lessons for any new student. No contract is required. Contact Sensei Hayes for more information. When you arrive for your first lesson, just write a check out directly to the Rosano family.

## *KARATE / JUDO & MORE*
