Dear Parents;

As you may be aware, the fitness center construction project is underway adjacent to the main gymnasium. We want to provide accurate and current information related to this project.

Please know that no construction has been occurring in any instructional space; however some dust from sheetrock being cut outside did make it into the gymnasium yesterday. As soon as it was reported, the architect, the construction manager, and the contractor were informed and directed to address the situation immediately. As a measure of precaution, the gymnasium was completely sanitized last evening by a professional cleaning agency and all construction areas were resealed. Both Superintendent Don Webster and construction manager, Bob Caliendo were onsite this morning and are confident that all areas were addressed appropriately. As an additional precautionary measure, the district opted to conduct an Indoor Air Quality analysis over the upcoming break.

We want to assure you that we would never compromise the health & safety of our students and staff. We apologize for any alarm this may have caused. If you have questions, please feel free to contact us.

On behalf of the Mount school faculty,
we wish you a Happy & Healthy Thanksgiving!

Sincerely,

Nathalie C. Lilavois
