

Dear Parent or Guardian:

To provide the safest environment possible, your son or daughter has recently been informed that they **must** remove all jewelry prior to participation in Physical Education classes. Although we have been fortunate in not having any injuries related to jewelry, there is the potential and the literature supports our concern. I realize this directive will cause some aggravation for the staff and for you, but it is in the best interests of the children.

My recommendation to the parents of elementary students is to have your children leave all jewelry home on the days they have Physical Education. In the event that they wear the jewelry, the Physical Education staff will ask them to remove the jewelry and assist them in securing it.

If you have any questions please feel free to contact me at 474-7738.

Thank you for your assistance and understanding in this important matter.

Very Truly Yours,

Don Webster
Athletic Director
