

## Math Sequence – Grades 7-12

Beginning with the 2011-2012 school year, the District will implement two separate secondary mathematics sequences to address the needs of students pursuing a course of study at the Regents and Honors/Theory levels. The following chart provides a delineation of the sequence options. Since we have started the scheduling process for the 2011-2012 school year, you should be aware of this information as course options are reviewed for the upcoming school year. If you have any questions, please do not hesitate to contact your child's guidance counselor.

**REGENTS SEQUENCE**

**HONORS/THEORY SEQUENCE**
