

START WITH SUCCESS

Dear Fourth Grade Families,

Welcome to the world of fourth grade at W.S. Mount Elementary School! We are excited about the wonderful possibilities for learning that await our classes this year.

Fourth grade is an important time for the academic and social development of your children. We will be spending considerable time this year working to build on reading, writing and math skills. In addition, we will be exploring science and social studies through reading, discussion, field trips and simple experiments. We are hoping to have some 'in-house' field trips to help bring social studies alive for the students as well as trips to the Smithtown Historical Society to experience colonial life on Long Island. It is our goal to prompt students to explore their individual interests in these areas while improving their skills in all areas of the curriculum.

Please check the school website for the grade level supply list as well as each teacher's individual list of required supplies.

We have an exciting year ahead of us and we look forward to sharing your child's experiences at school with you!

Sincerely,

Ms. Lynch-Elefante, Ms. Hudecek, Mrs. Napolitano, Mrs. Whitehead and Mr. Hobbes
