

# Keeping Your **Kids Safe** in CyberWorld

*Do you know what your child is doing online?*

*Is your child safe online?*

*Are they practicing safe Internet skills?*

*Have you heard about or visited MySpace.com?*

**Kids have!**

*Does your child have a cell phone?*

*Ask to see all of the saved photos!*

*Are you aware of the text messages?*

- 
- Remind your child - NEVER give out personal information like last name and address (you'd be surprised!).
  - Know your child's passwords and check their accounts (AIM, e-mail and cell).
  - Ask your child about EACH screen name on his/her buddy list.
  - Google search yourself and your child (name and address) to see what's out there.
  - Place the computer in a central location.
  - Talk about cyberbullying and remind your child to report it.
