

# Welcome to R.C. Murphy Junior High School and 7th grade Mathematics

I am looking forward to getting to know all of you and having a great year together ☺

Here is some important information that will help you be successful in this course.

## Supplies:

- **TI-30XS MULTIVIEW** calculator
- A 3-ring binder (can be shared with other subjects)
- 4-One subject notebooks (one for each quarter)
- A pencil case with pens/pencils/erasers/pencil sharpener/highlighter/colored pencils/headset for your chromebook (can be shared with other subjects)
- Please donate a box of tissues :)

Please come to class ready to learn. Being ready to learn means having all your supplies, along with appropriate behavior and attitude for learning :)

## Course Description

This course of study includes topics in number systems, ratios & proportions, percents, expressions, equations & inequalities, geometry, probability, and statistics.

## E-Math Workbook

You will soon be receiving an E-Math workbook for this course. It is meant for you to write in so you do NOT need to return it at the end of the year. It can be used with their website: [www.emathinstruction.com](http://www.emathinstruction.com), which has videos that correspond to each lesson in the workbook. We will do a lesson together in class soon so you know how it works :)

## Grading Composition

Each quarter grade is calculated as follows:

- Classwork/Homework - 10%
- Quizzes – 30%
- Tests – 60%

The campus portal and Google Classroom will have quizzes and tests posted about a week in advance of their due date. Everyone starts out with a classwork/homework average of 100%. Missing homework reduces your homework average by 5% but can be made up for half credit by the end of the quarter. ☺

## Course Workload

Classwork/homework are an important part of a student's education, and independent work is especially necessary in math. It is very important to practice the skills you learn in class by completing all assignments even if they are not graded.

- Assignments are posted in our Google Classroom daily that count towards your Classwork/Homework average that need to be completed. Please click on the "Mark as Done" or "Turn-In" button when you have completed the day's assignment in order to receive classwork/homework credit.
- Please SHOW ALL WORK when applicable.
- When absent from school please see our Google Classroom for missed work. All assignments are expected to be made up before any quiz or test, which we can reschedule after you return to school. Don't panic if you are having trouble catching up on your own, just let me know and we can schedule extra help. I am here to help you, and want this to be a stress free class :)

## Extra Help

Extra help is available every day in the Math Learning Center (room 221) during your 5th period lunch. There is also extra help in our classroom Thursdays either before school from 7:05-7:35 or after school from 2:30-3. Students should come prepared with specific questions during extra help.

## General Expectations:

- Be respectful of others
- Demonstrate responsibility
- No cell phones or other electronic devices or earbuds are to be used during class as per the school Code of Conduct.
- No shouting out answers – One person speaks at a time so please raise your hand
- No copying assignments or cheating during assessments
- Positive attitude: our class is stress free and we are all here to help each other 😊

## Contact Information

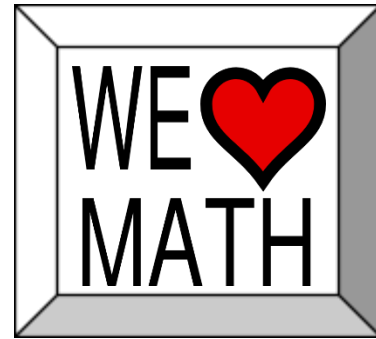

The best way to contact me is via email, [tboysen@3villagecsd.org](mailto:tboysen@3villagecsd.org) . If you would like to speak via phone just email me and we will set up an appointment. Thank you ☺

Two kinds of people when going back to school

Two kinds of people when going back to school

# Mr. Cifuni's Rules for Succeeding in 8<sup>th</sup> grade Math 2022-2023

Welcome to 8<sup>th</sup> grade Mathematics. This class has been designed to develop your abilities to think like a Mathematician. We will be following the New York State curriculum as we prepare to take the NY State Assessment in April.

*What materials are needed everyday?*

- 1) Please bring a three ring binder about 1 inch thick.
- 2) Loose-leaf paper and graph paper.
- 3) Pencils, pens, erasers, and a three hole punch folder
- 4) Your calculator (TI-30X is highly recommended)

*How to get the Best grade in this class?*

## o **Homework. 10%**

Each night you will be responsible to complete a short assignment at home. Please keep homework in your 3 ring binder in date order right after the notes of the day. Homework will be checked and reviewed everyday. Failure to complete homework will result in a deduction of points from the homework final average for the quarter. The student can make up the homework the next day for half credit. At the end of the quarter you will receive a homework test grade.

## o **Quizzes. 30%**

Homework will be collected randomly and graded as quizzes. Think of this as a positive. Each night you have a potential quiz that you get to take home and try your very best to receive the best grade possible. There will also be quizzes during the class.

### ○ **Tests: 50%**

This will make up the majority of your grades. There will be a test at the end of each major unit. To study for the tests student can refer to their organized notebooks and study from their notes, quizzes, and homework.

#### *Classroom Procedures:*

- 1) Please come to class **on time** and ready to work.
- 2) There will always be a "Do Now" on the board, please copy the problems and begin working on them.
- 3) Be ready to go over and ask questions from the previous nights homework.
- 4) Please show RESPECT toward everyone in the classroom.
- 5) Let's make this a fun and educational environment.

#### *Absences:*

When you are absent from class it is **YOUR RESPONSIBILITY** to

- 1) copy any missed notes from another student
- 2) Ask for any dittos or note sheets you have not received.
- 3) Come to extra help if needed.
- 4) You must SHOW ALL WORK.

### ○ **The Notebook 10%.**

The notebook will be the most important item in the classroom. You as the student have the responsibility of taking notes everyday. Keep everything in date order. At the end of each quarter your notebook will be graded as a test. If you are organized and are taking good notes you will receive a high grade. The student is responsible for the proper order of notes and dittos according to date order. This will make each student very organized and the notes for each unit will become very easy to follow for studying for tests and quizzes.

#### *Extra help:*

Extra help will be available every morning anytime after 7:15. There will also be extra help during lunchtime or prep periods as well by appointment only. All are welcome to come to extra help in room 228 if you are having any difficulties.

### **Google Classroom Instruction**

- Students will be working primarily on their chromebooks or in their emath workbooks. All work and notes will be posted in google classroom. Students can take notes, complete assignments, and turn in all materials through google classroom. They should have chromebooks or workbooks everyday when they come to class.
- When students are absent, they can make up the lesson by watching it on emathinstruction.com under the 8th Grade emath course tab.
- Students will also create and maintain a math folder in Google Drive where their work can be organized and stored throughout the year.

Thank you and let's have a very successful and enjoyable year!

Mr. Cifuni

# Mr. Cifuni's Rules for Success

## 9<sup>th</sup> Grade Geometry Honors Math 2022-2023

Welcome to 9<sup>th</sup> grade mathematics! This class has been designed to develop your ability to think like a mathematician. Although, we will be following the New York State Geometry curriculum, the design of your academic program will be filled with discovery, reflection, pondering, and derivation. Topics will be taught holistically to provide you with a thorough understanding of the meaning behind the mathematics. This class is designed for the mathematician inside of you!

### **Bring to class everyday:**

- 1) A 3-ring binder 1" thick with a pocket or folder
- 2) Looseleaf paper and **graph paper**
- 3) Pencils with erasers
- 4) Your calculator (see below)
- 5) Homework
  - write your name and the date at the top of each assignment
  - for textbook assignments, the page number(s) are to be written at the top as well
  - each problem is to be clearly numbered
  - answers only will **never** be acceptable. Try each problem and work through it the best that you can. **Remember, no work no credit.** You must show all of your work.

### **The Calculator**

The calculator that is highly recommended is the **TI-84 Plus Silver Edition**.

Other acceptable calculators are:

- TI-84 Plus
- TI-83 Plus

The TI-89 is not permitted for use in this class. If you have any questions about your calculator, please see Mr. Cifuni

If you purchase a new Texas Instruments calculator, please bring the UPC code into me. With enough of these, I can purchase all sorts of cool technology for the classroom!

## **The Textbook**

You will be issued a textbook during the first week of school. Cover them and *leave them at home*. You will be assigned homework from you textbook, but unless otherwise directed, we will not use them in class.

## **Class Procedure**

- 1) Come to class on time or with a pass. Being “on time” means that you are in your seat and ready to learn with the bell rings. Three unexcused latenesses will result in a detention. Being late to class is a disruption that will not be tolerated!
- 2) Copy the evening’s assignments from the side board.
- 3) Take out your homework.
- 4) If there is a “Do Now” problem(s), they are to be started and tried immediately.
- 5) Be ready to go over the homework. If you have a question – Please ASK!!

## **Classroom Policy:**

- 1) You are expected to follow all policies and procedures of Murphy Junior High school. Any violation of these policies will be dealt with accordingly.
- 2) Be *courteous* to everyone in the room. Do not speak without raising your hand and being called upon by Mr. Cifuni.
- 3) Be respectful of other students’ and teachers’ supplies and equipment. Do not take or tamper with *anything* that is not yours without asking first.
- 4) Remain in your seat!!! If you have to use the restroom – ask first. I do not want you to miss anything important!

## **Absences:**

When you are absent from class it is **YOUR RESPONSIBILITY** to do the following:

- ask Mr. Cifuni for all missed notes and homework assignments
- complete the homework assignments and show them to Mr. Cifuni
- attend extra help, if needed

## **Extra Help:**

Extra help will be given during free periods. Look for signs to be posted indicating the day, time, and location. Extra help is also given by appointment and at 7:05 am on Test days. **If you are having any difficulty at any time, talk to Mr. Cifuni**

## **The Testing Room:**

You will make up all tests and quizzes in the testing room. If you are absent the day of a test or quiz, it will be waiting for you in the testing room. It is **your** responsibility to make it up within 2 days of the test date. You may go to the testing room during your lunch period or during a study hall. See Mr. Cifuni if you need a pass.

## **Grades:**

The criteria set forth by the Three Village School District states that a student must maintain an 90 average by the end of the fifteenth week of school in order to remain in an honors program.

Each quarter, your grade will be comprised of the following:

### Tests: 50%

There will be a test at the end of each chapter. The tests will emulate state assessments and will focus on content and the student's ability to correctly execute math problems at an honors level.

### Quizzes / Quets: 30%

Quizzes will be given at least once a week. Quizzes will be either given in class or randomly home woks will be collected as quizzes. All homeworks should be thought of as a potential quiz.

### Homework: 10%

All homeworks are to be completed each night and will be gone over the following day. Homeworks are to be done to the best of your ability because each is a potential quiz.

### Notebook 10%

Notes are to be taken each day. Your notebook will also act as a supplementary textbook. Notes must be in chronological date order with all dittos given. Please, do not have separate sections for notes and dittos. Keep dittos and notes together in date order. This will insure organization and will help students study for all tests and quizzes. Students must be prepared and participate. This includes submitting all assignments in on time and readable.

Thank you

I look forward to a great year.

**Mr. Matthew Cifuni**

**Mcifuni@3villagecsd.org**

## **R. C. Murphy Junior High School**

Mrs. Duca

[aduca@3villagecsd.org](mailto:aduca@3villagecsd.org)

631-730-4800

Math 7 Honors

### **Welcome**

Welcome to 7<sup>th</sup> grade mathematics. I am thrilled to introduce myself as your mathematics teacher. In the weeks and months to come, I hope we will work together to have a successful and enjoyable year. If at any time you have questions or concerns please contact me at the email address above.

### **Course Description**

This is an enriched course of study that includes topics on exponents, polynomials, real numbers, factoring, linear equations and inequalities, unit rates and proportionality, linear relationships, percents, geometry, probability, and statistics. You will be responsible for taking a midterm in January and a final examination in June. Also, 7<sup>th</sup> grade students will be taking the 7<sup>th</sup> grade New York State Mathematics Assessment in April 2022.

### **Please Note:**

**All students must achieve a grade point average of 90 or above by the 15<sup>th</sup> week and maintain this average for the duration of the school year.**

### **Supply List**

- 5 single subject notebooks (Bring 1 on first day)
- 1" 3-ring binder · 1 divider
- Pens and Pencils
- Straightedge/Ruler
- TI – 30xs MultiView calculator

### **Grading**

The quarterly grade is comprised of tests, quizzes and homework. The breakdown of the quarterly grade is shown below:

Tests: 60%  
Quizzes: 30%  
Homework: 10%

## Test and Quizzes

Test and quizzes will be given on a regular bases and will be announced in class and on the parent portal. Please expect some type of assignment weekly. If a student misses a test or a quiz, **it is the responsibility of the student to meet with me and arrange a time for a make-up.** If a student does not make arrangements for a make-up quiz or test within two days upon returning to class, then he/she will incur a 10-point deduction from the quiz/test.

## Homework

Homework is an important part of this class and will reinforce the concepts from the daily lesson. You are responsible for getting all assignments the day that you are at a music lesson, guidance appointment, fieldtrip, etc. Homework is due on time. Since almost all topics depend upon knowledge of the previous topic, it will be difficult to catch-up if you do not keep up with your assignments. Your grade for homework assignments will be based upon how many assignments you have done out of the total number checked. If you have trouble with any particular assignment, you will still receive credit for it as long as you've made a reasonable effort and you come to class with questions. Try to look at your homework as practice and remember just like anything else, the more you practice something, the easier that thing becomes. No one is born a great student; you have to learn and practice.

## Classroom Expectations

- You are expected to be in your assigned seat when the bell rings.
- Take out your pen/pencil, notebook and calculator.
- Take out your agenda and write down the homework assignment.
- Take out your completed homework assignment.
- Go to a clean page in your notebook and write the date at the top and complete the Do Now. Will be on Kami, Google Forms or Pear Deck.
- Take all notes from class in a neat and organized manner following the Do Now from the day.
- Breathe and remember to smile, you'll do great!

## Extra Help

Math Learning Center will available to students during all lunch periods.

## Google Classroom

Google Classroom is a very effective way to post review worksheets and communicate with you. This can be accessed by downloading the app to a mobile device or on your Chromebook or desktop. We will discuss more about Google Classroom in class.

## 7 Tips for Being Successful in Mathematics

- 1. BE IN CLASS** - It is much harder to understand new content when you are not in school for the lesson.
- 2. TAKE GOOD NOTES** – Your notes should be neat and correct. Make sure you correct any errors when going over the answers. Highlight vocabulary and formulas for flashcards. Make note of things Mrs. Duca emphasizes (ex. common mistakes to avoid, important work to show to get full credit on the test, etc.)
- 3. PARTICIPATE** – Ask questions! Don't be shy... your questions are often the same questions other students have. Asking questions will help our classroom discussions.
- 4. CORRECT YOUR MISTAKES** – Redo any questions from your homework, classwork or tests that you made mistakes on. Check your work with your notes from class. Bring in any questions to extra help.
- 5. PRACTICE, PRACTICE, PRACTICE** – You can use the recommended websites for additional practice. You also often have extra examples from classwork that you should try on your own. You can always bring these questions in to extra help to have Mrs. Duca check your work.
- 6. START STUDYING EARLY** – You should never wait to study until the night before a test. You should build your own review sheets as we go through each unit. Take questions from each day and mix them up for practice. Check your answers with your notes. The study day will be less overwhelming if you frequently mix up the lessons before the study day to practice. DO NOT use a review sheet as your only method for studying.
- 7. GET HELP** – You can bring in questions to The Math Learning Center (MLC) or during extra help.

## **R.C. Murphy Junior High School**

Mrs. Duca

[aduca@3villagecsd.org](mailto:aduca@3villagecsd.org)

Math Algebra I

2022 - 2023

### **Welcome:**

Welcome to Algebra I. I am thrilled to introduce myself as your mathematics teacher. My name is Mrs. Duca. In the weeks and months to come, I hope we can work together to have a successful and enjoyable year. If at any time you have questions or concerns, please contact me at the email address above.

### **Course Description:**

In this course we will explore a variety of topics within algebra including linear, exponential, quadratic, and polynomial equations and functions. You will achieve fluency in solving linear and quadratic equations as well as with manipulation of polynomials using addition, subtraction, multiplication, and factoring. You will understand the key differences between linear and exponential functions and finally you will learn to model problems using algebra, functions, sequences, and statistics. You will be responsible for taking a quarterly exam, midterm in January and a New York State Regents examination in June.

### **Supply List:**

- 5 single subject notebooks (Bring 1 on first day)
- 1" 3-ring binder
- 1 divider · Pens and Pencils
- Straightedge/Ruler
- TI-84 Plus or Plus CE Edition Graphing calculator

### **Classroom Expectations:**

1. You are expected to be in your assigned seat when the bell rings.
2. Take out your pen/pencil, notebook and calculator.
3. Take out your agenda and write down the homework assignment.
4. Take out your completed homework assignment.
5. Begin the Do Now.
6. Take all notes from class in a neat and organized manner.
7. Breathe and remember to smile, you'll do great!

## **Grading**

The quarterly grade is comprised of tests, quizzes and homework. The breakdown of the quarterly grade is shown below:

Tests: 60%  
Quizzes: 30%  
Homework: 10%

## **Test and Quizzes**

Test and quizzes will be given on a regular bases and will be announced in class and on the parent portal. Please expect some type of assignment weekly. If a student misses a test or a quiz, it is the responsibility of the student to meet with me and arrange a time for a make up. If a student does not make arrangements for a make-up quiz or test within two days upon returning to class, then he/she will incur a 10-point deduction from the quiz/test.

## **Homework**

Homework is an important part of this class and will reinforce the concepts from the daily lesson. You are responsible for getting all assignments the day that you are at a music lesson, guidance appointment, fieldtrip, etc. Homework is due on time. Since almost all topics depend upon knowledge of the previous topic, it will be difficult to catch-up if you do not keep up with your assignments. Your grade for homework assignments will be based upon how many assignments you have done out of the total number checked. If you have trouble with any particular assignment, you will still receive credit for it as long as you've made a *reasonable effort* and you come to class with questions. Try to look at your homework as practice and remember just like anything else, the more you practice something, the easier that thing becomes. No one is born a great student; you have to practice to become one.

## **Extra Help**

I will have extra-help on Tuesday and Thursday during lunch in room 223. Please speak to me in advance so we can setup an appointment.

## **Google Classroom**

Google Classroom is a very effective way to post weekly agendas, notes, review worksheets and communicate with you. This can be accessed by downloading the app to a mobile device or on your Chromebook or desktop.

## **7 Tips For Being Successful In Mathematics**

- 1. BE IN CLASS** - It is much harder to understand new content when you are not in school for the lesson.
- 2. TAKE GOOD NOTES** – Your notes should be neat and correct. Make sure you correct any errors when going over the answers. Highlight vocabulary and formulas for flashcards. ## R.C. Murphy Junior High School

Mr. Gries

Math 8R

Email: [tgries@3villagecsd.org](mailto:tgries@3villagecsd.org)

Office Phone Number:

631-730-4800

### Supplies:

- A three ring binder
- Pencils with erasers
- Either a TI-30XS Multiview calculator (preferred) OR a TI-30X IIS scientific calculator
- A ruler

**Course Description:** This pre-algebra course of study includes topics in number sense and operations, algebra, linear equations, inequalities, proportional relationships, functions, transformational geometry, Pythagorean Theorem, plane geometry, and statistics with an emphasis on algebraic problem solving applications. Students successfully completing this course will take Algebra I or Algebra I Lab the next year.

### Grading Composition:

- Each quarter grade is calculated as follows:
  - Homework - 10% (Students must show work. No work means no credit.)
    - Every students starts each quarter with a 100 for their homework Grade.
    - For every missed homework, the student will lose 10 points from this grade.
    - Homework can be handed in late for half-credit.
  - Quizzes - 30%
  - Tests - 60%
    - If someone is absent the day of a quiz or test, the student will make-up the quiz/test when they return as soon as possible, with no loss of points due to lateness.

## **Course Workload:**

Homework is an important part of a student's education, and it is especially important in math! It is very important to practice the skills you have learned in class.

- Work must be shown on homework assignments unless otherwise specified.

Assessing student progress is a crucial part of learning. It is used to identify student areas of strength and weakness. All grades will be posted on the parent portal.

- Students will be notified of all major tests and quizzes in advance as well as them being posted on the portal.
- If absent from school on the day of a test or a quiz, students will be required to complete the assessment as soon as possible in the testing room.

## **Extra Help**

Extra help will be provided on Tuesdays and Thursdays before school at 7:15AM. If this time does not work, please let me know so we can schedule something different.

- We also have a Math Learning Center this year that is available every day during lunch for extra help. One of the math teachers will be there every day to help you.

## **General Expectations**

- Appropriate behavior.
- You MUST bring your materials to class EVERY DAY.
- Treat others the way you want to be treated.
- Respect for your peers and all teachers.
- Demonstrate responsibility. If you make a mistake, own up to it, fix it, and try to not let it happen again.
- No shouting out answers - allow other time to think.
- One person speaks at a time.
- Copying assignments and/or cheating is NOT tolerated. If someone is caught cheating I will contact home, as well as the dean where further action will be taken.
- Work with me as I work with you.

**This will be an interesting and exciting year. If we all work together we can make it go as smoothly as possible.**

The best way to contact me is through email. If you would like to speak to me by phone, I'd be happy to call, just email me with a time and a phone number that works best for you.

### Supplies:

- A three ring binder/E-Math book (will be provided the first week of school)
- Pencils with erasers and pens
- Graphing calculator (TI-84 Plus)
- A ruler

**Course Description:** This Algebra course includes topics in real number sets, polynomials, linear equations and inequalities, graphing, systems of equations, factoring, quadratic equations, exponential equations, functions, and statistics. This course will assist students in developing skills and processes to be applied using diverse techniques to successfully solve problems in a variety of settings. Students enrolled in this course will take the Algebra I Regents examination in June.

### Grading Composition:

- Each quarter grade is calculated as follows:
  - Homework - 10% (Students must show work. No work means no credit.)
    - Every student starts each quarter with a 100 for their homework Grade.
    - For every missed homework, the student will lose 10 points from this grade.
    - Homework can be handed in late for half-credit.
  - Quizzes - 30%
  - Tests - 60%
    - If someone is absent the day of a quiz or test, the student will make-up the quiz/test when they return as soon as possible, with no loss of points due to lateness.

- Treat others the way you want to be treated.
- Respect for your peers and all teachers.
- Demonstrate responsibility. If you make a mistake, own up to it, fix it, and try to not let it happen again.
- No shouting out answers - allow other time to think.
- One person speaks at a time.
- Copying assignments and/or cheating is NOT tolerated. If someone is caught cheating I will contact home, as well as the dean where further action will be taken.
- Work with me as I work with you.

**This will be an interesting and exciting year. If we all work together we can make it go as smoothly as possible.**

The best way to contact me is through email. If you would like to speak to me by phone, I'd be happy to call, just email me with a time and a phone number that works best for you.

# 2022-2023 MATH 7 with Ms. Meiselbach :-)

I am looking forward to getting to know all of you and having a great year together 😊

## DAILY Supplies:

- A 3-ring binder or notebook section for notes/work
- **TI-30XS MULTIVIEW** calculator
- Pencils/pens (if you are going to use pencils make sure you have erasers)
- A charged chromebook
- Headset or earbuds
- box of tissues donation, *if possible*

Please come to class ready to learn. Being ready to learn means having all your supplies, along with appropriate behavior and attitude for learning :)

## Course Description

We will be using the [NextGen 7 Emathinstruction workbook](http://www.emathinstruction.com) which is also available online at [www.emathinstruction.com](http://www.emathinstruction.com). This course of study includes topics in number systems, ratios & proportions, percents, expressions & equations, inequalities, geometry, probability, and statistics. You will be responsible for taking a midterm in January and a final examination in June. Also, 7th grade students will be taking the 7th grade New York State Mathematics Assessment in Spring 2023.

## Course Workload

Homework is an important part of a student's education, and independent work is especially necessary in math! It is very important to practice the skills you learn in class.

- Daily notes and supplemental worksheets will be used and should be kept neatly in your three ring binder.
- Please keep your notebook neat and organized for notebook checks.
- Assignment lists are posted in our Google Classroom daily.
- Please SHOW ALL WORK when applicable.
- When absent from school, please see our Google Classroom for missed work. All assignments are expected to be made up before any quiz or test. In the case of extended absences we will work together to catch you up.
- Missing homework assignments reduce your homework average but can be made up for half credit by the next day. 😊
- Quiz and Test assignment dates will be posted on the Campus Portal and Google Classroom. All grades will be posted on the Campus Portal.

OVER

## Extra Help

Extra help every Tuesday and Thursday in room 224 during 7th grade lunch and by appointment. Get a pass from me to leave the cafeteria. Students can either see me in class to make an appointment or e-mail me. Students should come prepared with specific questions or topics during extra help and you may return to the cafeteria when done. *There is also a Math Learning Center (MLC) in room 221 where you can get math extra help EVERYDAY!*

## Grading Composition

Each quarter grade is calculated as follows:

- Homework - 10%
- Quizzes – 30%
- Tests – 60%

## General Expectations:

- Follow school policy and consequences for electronics and cellphones- NOT on desk or in use during class
- School issued chromebooks should be brought to class each day, charged and ready for use
- Appropriate behavior
- Treat others the way you want to be treated
- Demonstrate responsibility
- No shouting out answers – One person speaks at a time so please raise your hand
- Copying assignments or cheating during assessments is not tolerated
- **Positive attitudes-let's work together to make a stress free classroom and to help each other 😊**

## Contact Information

The best way to contact me is via email, [kmeiselb@3villagecsd.org](mailto:kmeiselb@3villagecsd.org)

If you would like to speak via phone, just email me and we will set up an appointment.

Thank you ☺

# 7 HONORS with Ms. Meiselbach :-)

I am looking forward to getting to know all of you and having a great year together ☺

## Daily Supplies:

- A 3-ring binder or notebook section for notes/exams
- **TI-30XS MULTIVIEW** calculator
- Pencils/pens
- A charged chromebook
- Headset or earbuds
- box of tissue donation, if possible

Please come to class ready to learn. Being ready to learn means having all your supplies, along with appropriate behavior and attitude for learning :)

## Course Description

This is an enriched course on study that includes topics on exponents, polynomials, real numbers, factoring, linear equations and inequalities, unit rates and proportionality, linear relationships, percents, geometry, probability, and statistics. You will be responsible for taking a midterm in January and a final examination in June. Also, 7th grade students will be taking the 7th grade New York State Mathematics Assessment in Spring 2023.

We will be using the [NextGen 7 Emathstruction workbook](http://www.emathinstruction.com) which is also available online at [www.emathinstruction.com](http://www.emathinstruction.com).

## Course Workload

Homework is an important part of a student's education, and independent work is especially necessary in math! It is very important to practice the skills you learn in class.

- Supplemental worksheets will be used and should be kept neatly in your three ring binder.
- Please keep your notebook neat and organized for notebook checks.
- Assignments are posted in our Google Classroom daily.
- Please SHOW ALL WORK when applicable.
- When absent from school, please see our Google Classroom for missed work. All assignments are expected to be made up before any quiz or test. In the case of extended absences we will work together to catch you up.
- Missing assignments reduce your homework average but can be made up for half credit by the next day. ☺
- Quiz and Test assignment dates will be posted on the Campus Portal and Google Classroom. All grades will be posted on the Campus Portal.
- The honor's maintenance criteria is an overall average of 90 or above.

## OVER

## Extra Help

We are so fortunate to have math extra help EVERY DAY during lunch in room 221, the Math Learning Center! I also have extra help every Tuesday and Thursday during 7th grade lunch and by appointment in room 224. Get a pass from me to leave the cafeteria. Students can either see me in class to make an appointment or e-mail me. Students should come prepared with specific questions or topics during extra help and you may return to the cafeteria when done.

## Grading Composition

Each quarter grade is calculated as follows:

- Homework - 10%

## Contact Information

The best way to contact me is via email, [kmeiselb@3villagecsd.org](mailto:kmeiselb@3villagecsd.org)

If you would like to speak via phone, just email me and we will set up an appointment.

Thank you ☺

**WE'RE ALL IN  
THIS TOGETHER**

**DEAR SCHOLAR:**

**I BELIEVE IN YOU**

*You are Destined for Great Things*

**YOU ARE WORTH IT**

*I Will Never Give Up On You*

**I CARE ABOUT YOU**

*Your Success Is My Success*

**YOU ARE RESPECTED**

*Your thoughts & feelings matter*

**YOU ARE THE  
REASON I AM HERE!**

# Greetings

## Welcome to Murphy Junior High !!!

I am looking forward to getting to know all of you and having a great year together! Here is some important information that will help you to be successful in 7th grade math.

### Course Description

This course of study includes topics in number systems, ratios & proportions, percent, expressions & equations, geometry, probability, and statistics.

### Supplies:

- A 3-ring binder with loose-leaf paper (can be shared with other subjects)
- **TI-30XS MULTIVIEW** calculator
- Pencils/pens (if you are going to use pencils make sure you have erasers and a personal sharpener)
- A charged chromebook
- Headset or earbuds

### Expectations:

- Please come to class ready to learn. Being ready to learn means having all your supplies and being in your seat when the bell rings.
- Participation is encouraged! Remember to raise your hand
- Students must get permission before leaving class
- Please be courteous and ask permission before borrowing items from your classmates or your teacher.
- Please let your teacher know if you are going to be absent for an extended period of time (vacations, medical)
- If you are unexpectedly absent you should always check your Chromebook for assignments.
- Be respectful and kind to your teachers and classmates.

## **E-Math Workbook**

You will soon be receiving an E-Math workbook for this course. It is meant for you to write in so you do NOT need to return it. This book can be used with the emath website: [www.emathinstruction.com](http://www.emathinstruction.com), which has videos that correspond to each lesson in the workbook! How cool is that?

## **Grading Composition**

Each quarter grade is calculated as follows:

- Classwork/Homework - 10%
- Quizzes – 30%
- Tests – 60%

Everyone starts out with a classwork/homework average of 100%. Missing homework reduces your homework average by 5% but can be made up for half credit.

## **Course Workload**

Classwork/homework are an important part of a student's education, and independent work is especially necessary in math. It is very important to practice the skills you learn in class by completing all assignments even if they are not graded.

- Assignments are posted in our Google Classroom daily.
- Please SHOW ALL WORK when applicable.
- When absent please see our Google Classroom for missed work.

## **Extra Help**

We are lucky to have a math help center in our school that is open everyday during your lunch period. Don't worry, you don't have to skip lunch! Extra help is also available by appointment before school on Thursdays.

## **Contact Information**

The best way to contact me is via email, [snegron@3villagecsd.org](mailto:snegron@3villagecsd.org). If you would like to speak via phone please email me to set up an appointment.

**Classroom Code**    g3nljdg

☺ GOOD MORNING!!

Algebra I H Enriched Mrs. Negron Math 8 Honors

Welcome back! Below you will find the information you need to be successful in 8 Honors math.

**Classroom policies:**

- Students should come to class on time and prepared each day. This means you are sitting in your seat when the bell rings and that you have your homework and supplies with you.
- Students are required to take notes during class. Class notes are excellent resources when studying for a test or quiz. Please let me know immediately if you are having trouble seeing the board or screen.
- Students are responsible to contact their teacher or a classmate and get the missed work when they are absent for **any** reason. Please check [emathinstruction.com](http://emathinstruction.com) to find lessons.
- Students are expected to follow all social distancing, mask, and safety protocols as set forth by district while in class.
- Students should ensure that chrome books and calculators are charged and ready for use.

**Grading Policies:** *As per district policy, a minimum average of 90 must be maintained for an honors course. Quarterly Grades are calculated as follows:*

- |                     |     |
|---------------------|-----|
| • Exams/projects    | 60% |
| • Quizzes           | 30% |
| • Homework/Notebook | 10% |

*Late assignments may be turned in for half credit at any time in the quarter*

### **Required Supplies:**

- Supply lists can be found on district website. Details of what you need in class each day will be explained on the first day of school. The goal is to minimize the amount you need to bring back and forth.

### **Text Books:**

- Soft Text Books will be handed out during the first week of school. Text will be supplemented with enrichment work. We will discuss the details during the first week of school.

### **Classroom rules:**

- All school rules and conduct codes are to be followed at all times.
- Students should ask permission before taking the bathroom pass and should return promptly.
- No eating or drinking in the classroom
- Students should respect the property of their classmates and their teacher. Please do not borrow things that do not belong to you without permission. Students should clean up after themselves and leave the room the way they found it.
- Class participation is strongly encouraged; however students should raise their hands and be courteous while others are speaking.
- Students are encouraged to ask questions and should feel comfortable doing so. Therefore, students should never ridicule one another's questions, comments, or answers.
- All students are to remain with their teacher and classmates in the event of a fire drill

**Thank you for your attention to our classroom policies. They will help you to understand what is expected of you. I am looking forward to a successful year for each of you!**

**My email [snegron@3villagecsd.org](mailto:snegron@3villagecsd.org)  
Google Classroom Code: armgszs**

# Mrs. Negron

## Geometry Honors Theory

Welcome back to school! Below you will find the information you need to be successful in Geometry Theory.

### Classroom policies:

- Students should come to class on time and prepared each day. This means you are sitting in your seat when the bell rings and that you have your homework and supplies with you.
- Students are required to take notes during class. Class notes are excellent resources when studying for a test or quiz. Please let me know immediately if you are having trouble seeing the board.
- Students are responsible to contact a classmate and get the missed work when they are absent for **any** reason.
- Extra help will be available weekly.

### Grading Policies: *Quarterly Grades are calculated as follows:*

- |                  |     |
|------------------|-----|
| • Exams/projects | 60% |
| • Quizzes        | 30% |
| • Homework       | 10% |

*Late assignments may be turned in for half credit at any time during the quarter*

### Other Grades:

- Students will take a cumulative quarterly exam and a midterm during the school year.
- In June students will take the NY State Geometry CC Regents Exam.

## **Required Supplies:**

- Loose-leaf three ring binder with paper
- Folder for returned materials
- Mini three hole puncher
- Pens/pencils
- 12 inch ruler with both metric and standard system measurements
- graph paper
- compass
- Graphing calculator: Texas Instruments TI- 84 plus.

## **Text Books:**

- Text Books will be handed out during the first week of school. They should be left home for homework assignments.

## **Classroom rules:**

- All school rules and conduct codes are to be followed at all times.
- Students should ask permission before taking the bathroom pass and should return promptly.
- No eating or drinking in the classroom
- Students should respect the property of their classmates and their teacher. Please do not borrow things that do not belong to you with out permission. Students should clean up after themselves and leave the room the way they found it.
- Class participation is strongly encouraged; however, students should raise their hands and be courteous while others are speaking.

## **Fire drills:**

- Students are to remain together and with their teacher during a fire drill.

**Thank you for your attention to our classroom policies. I am looking forward to a successful year of discovery and enrichment for each of you!**

My email [snegron@3villagecsd.org](mailto:snegron@3villagecsd.org)  
Google classroom code lteetqm

**Mr. Schnettler**  
**Algebra 1 Honors: 2022-2023**  
**Email: gschnett@3villagecsd.org**

Welcome to Algebra 1 at Murphy JHS!! Please feel free to email me anytime, and check the portal for current grades.

➤ **Class Materials**

- 1) **Binder/Folder** with loose leaf & graph paper
- 2) **Graphing calculator (TI-84 plus CE)**
- 3) **Pencils, pens, erasers,**
- 4) **E-math Workbooks** will be distributed during the first week of school.

**Grading**

**Tests (60%):** Students should expect a test at the end of every unit. There will also be a quarterly exam, as well as a Midterm which will count as 2 exams.

**Quizzes (30%):** Students should expect a quiz every 3-4 lessons

**Homework (10%):** Students start each quarter with a 100 for their homework grade. Every missed homework, the student will lose 5 points. Homework will typically be assigned on a regular basis and will address key concepts. Any missing homework assignments can be made up throughout the quarter for half credit.

**Course Grade:** Each quarter will make up 22% of the grade for the year. The remaining 12% will be taken from the NYS Regents Exam

**E-math instruction/Enrichment**

Students will be working primarily in their e-math workbooks. They should have them everyday when they come into class. Enrichment activities and lessons will also be an important part of our curriculum. When students are absent, they can make up the lesson by watching it on emathinstruction.com under the Algebra 1 course tab. Students can turn in missing work in their workbooks or through Google Classroom.

**Extra Help**

Extra help will be given Tuesday and Thursday before school starts. Students will need to let me know the day before if they plan to attend. Students can also access the Math Learning Center which is available for extra help everyday during lunch.

## **Technology**

All assignments, classroom notes, and worksheets will be available on Google Classroom. Students may take notes in their workbooks or on their chromebooks. If students choose to use their chromebooks, they should come to class with them charged. The use of **cell phones** in the classroom is permitted within reason. Students will however, be responsible for using technology at appropriate times.

## **Absences**

All math concepts are explained and practiced in class. If you are absent from class, it is your responsibility to get the notes and homework for the time you were absent. Also, if you missed a quiz or test, ***it is your responsibility to make time to go to the testing room (during lunch or a study hall) to make up this assessment in a timely manner!*** Please don't wait a long time to make up assignments- it only makes things more difficult for you down the road. Any missed lessons can be made up at home on [emathinstruction.com](http://emathinstruction.com) and selecting the Algebra 1 course.

## **Behavior**

Appropriate behavior is expected. Please always have respect for your teacher and classmates. You must be on time, in your seat and ready to work when the bell rings. There will be many opportunities to discuss mathematics and participate, but please raise your hand and wait to be called upon. Please also limit pass use to a minimum.

**Mr. Schnettler**  
**Algebra 1 Lab: 2022-2023**  
**Email: gschnett@3villagecsd.org**

Welcome to Algebra 1 at Murphy JHS!! Please feel free to email me anytime, and check the portal for current grades.

➤ **Class Materials**

- 1) **Binder/Folder** with loose leaf & graph paper
- 2) **Graphing calculator (TI-84 plus CE)**
- 3) **Pencils, pens, erasers,**
- 4) **E-math Workbooks** will be distributed during the first week of school.

**Grading – Tests (60%), Quizzes (30%), & Homework (10%)**

There will be a First Quarterly Exam, a Midterm, as well as the NYS Algebra 1 Regents Exam. Students should also expect a quiz every 3-4 lessons, as well as a test at the end of every unit. **Course Grade:** Each quarter will make up 22% of the grade for the year. The remaining 12% will be taken from the regents exam score. Students start each quarter with a 100 for their homework grade. Every missed homework, the student will lose 5 points. Any missing homework assignments can be made up throughout the quarter for half points.

**E-math instruction**

Students will be working primarily in their e-math workbooks. They should have them everyday when they come into class. When students are absent, they can make up the lesson by watching it on emathinstruction.com under the Algebra 1 course tab. Students can turn in missing work in their workbooks or through Google Classroom.

**Extra Help**

Extra help will be given Tuesday and Thursday during period 7. Students can also access the Math Learning Center which is available for extra help everyday during lunch.

**Lab days**

The lab portion of this course allows us to drastically slow the pace of the course. I will use the double period to reinforce key concepts, as well as provide time for extra practice. The curriculum will essentially operate the same as Algebra 1, but at a slower pace.

## **Technology**

All assignments, classroom notes, and worksheets will be available on Google Classroom. Students may take notes in their workbooks or on their chromebooks. If students choose to use their chromebooks, they should come to class with them charged. The use of **cell phones** in the classroom is permitted within reason. Students will however, be responsible for using technology at appropriate times.

## **Absences**

All math concepts are explained and practiced in class. If you are absent from class, it is your responsibility to get the notes and homework for the time you were absent. Also, if you missed a quiz or test, ***it is your responsibility to make time to go to the testing room (during lunch or a study hall) to make up this assessment in a timely manner!*** Please don't wait a long time to make up assignments- it only makes things more difficult for you down the road. Any missed lessons can be made up at home on [emathinstruction.com](http://emathinstruction.com) and selecting the Algebra 1 course.

## **Behavior**

Appropriate behavior is expected. Please always have respect for your teacher and classmates. You must be on time, in your seat and ready to work when the bell rings. There will be many opportunities to discuss mathematics and participate, but please raise your hand and wait to be called upon. Please also limit pass use to a minimum.

**Miss Tufano**  
**Algebra A: 2022 – 2023**  
**R.C. Murphy Junior High School**  
**Email: gtufano@3villagecsd.org**

Welcome to Algebra A! I am looking forward to working with and getting to know you all! Below you will find the information needed to be successful in this class. Please feel free to email me at any time with any questions, comments, and/or concerns you may have. 😊

**Course Description:**

- \* This course of study is the first year in a two-year Algebra curriculum. Topics will include polynomials, linear and quadratic equations, factoring, and coordinate geometry.
- \* This course places an emphasis on basic computational and foundational algebra skills. Students will take the Algebra Regents examination after successful completion of the two-year program in June of tenth grade.

**Class Materials:**

- \* Chromebook
- \* Graphing calculator (TI-84 Plus CE)
- \* Algebra 1 workbook
- \* Pencils, pens, erasers

**Grading:**

- \* Tests = 60%, Quizzes = 30%, Homework = 10%
- \* There will be a First Quarterly Exam, a Midterm Exam, and a Final Exam.
- \* Students should expect a quiz every 3-4 lessons as well as a test at the end of every unit.
- \* Each quarter will make up 22% of the grade for the year. The remaining 12% will be taken from the final exam score.
- \* All homework assignments will be out of 10 points. For every day a homework assignment is turned in late, that is 1 point taken away from the total score (i.e., 1 day late is a score of 9/10, 2 days late is a score of 8/10, etc.). If a student is 5 or more days late, they will receive half credit (5/10). Any missing homework assignments can be made up throughout the quarter for half points.

**Google Classroom Instruction:**

- \* Students will be working primarily on their Chromebooks. All work and notes will be posted on Google Classroom. Students can take notes, complete assignments, and turn in all materials through Google Classroom. Students should bring Chromebooks AND workbooks everyday when they come to class.
- \* Students will create and maintain a math folder in Google Drive where their work can be organized and stored throughout the year.

### Extra Help:

- \* Extra help will be given Tuesdays and Thursdays during lunch (7<sup>th</sup> period) and by appointment. Students can either see me in class or email me to make an appointment. Extra help can be used for homework help, questions, or review of any material that you may be struggling with.
- \* MLC Room 221: Period 5 with Ms. Boysen, Period 6 with Ms. Negron, and Period 7 with Mr. Duca.

### Absences:

- \* All math concepts are explained and practiced in class. If you are absent from class, it is your responsibility to get the notes and homework for the time you were absent.
- \* If you missed a quiz or test, ***it is your responsibility to make time to go to the testing room (during lunch or a study hall) to make up this assessment in a timely manner.***

### Chromebook Behavior:

- \* Chromebooks will be used daily in the classroom. We will be installing extensions and visiting math related sites to better enhance student learning.
- \* Students should always exercise proper behavior on their Chromebook. We will use GoGuardian to monitor students' activity on Chromebooks during class time. Students should refrain from attempting to visit blocked sites, working on other class materials, or straying from the lesson.

### Expectations:

- \* Be on time and in your seat ready to work when the bell rings! Take out homework from the previous night and start working on the Do Now.
- \* Respect ALL members of the classroom! No form of bullying and/or disrespect will be tolerated. This classroom is a safe space where all people are valued.
- \* Participate! Participation is strongly encouraged, however, make sure you are courteous while others are speaking and raise your hand.
- \* Ask questions! If you have a question, odds are someone else in the room has the same question.
- \* Explore your curiosities and take risks! One of the best things about math is that there are usually multiple ways to find a solution. If you feel that there's another way to solve a problem, try it out and share it with the class.
- \* Believe in yourself! You can accomplish anything you put your mind to.

Miss Tufano  
Math 8 Lab: 2022 – 2023  
R.C. Murphy Junior High School  
Email: [gtufano@3villagecsd.org](mailto:gtufano@3villagecsd.org)

Welcome to Math 8 Lab! I am looking forward to working with and getting to know you all! Math 8 Lab is designed to assist you in classwork, homework, and preparing for tests and quizzes. No grades are given in this course; however, it is meant to help improve your grades in your regular math class.

Please make sure to bring your Chromebooks and calculators to Math Lab. Most of the time, we will work on assignments given to you and/or posted in your math Google Classroom by your teacher. We may do extra practice assignments which will be posted in our Google Classroom.

If you have any questions, comments, and/or concerns, feel free to email me at any time! 😊

**R.C. Murphy Junior High School**  
**Mr. Vetro**  
**Algebra I Honors Theory**  
**Email: rvetro@3villagecsd.org**  
**Office #: 631-730-4871**  
**Google Classroom code: vrwfmuk**

**Supplies:**

- A notebook or binder(separate section for math)
- Folder with pockets
- Blue and/or Black Pens and #2 Pencils
- Graphing Calculator – TI 84 Plus CE (Highly Recommended!)
- Textbook/Workbook – (Given in class)

**Course Description:** This accelerated course of study in Algebra I includes topics in real number sets, polynomials, linear equations and inequalities, graphing, systems of equations, factoring, quadratic equations, exponential equations, functions, and statistics with an emphasis on mathematical connections. This course will assist students to develop higher order thinking skills and processes to be applied mathematically. Students of this course should enjoy and want to explore mathematics. Students enrolled in this course will take the Algebra I Regents examination in June.

**Maintenance Criteria:**

Students must achieve a grade point average of 90 and maintain this average for the duration of the school year.

**Classroom Policies:**

- Students are expected to come to class ready to learn. This requires them to have their supplies and their completed homework, along with the proper attitude and behavior for learning. Textbooks are to be left at home for homework. Workbooks are to be brought to class every day with your notebook and graphing calculator.
- Students are required to take notes during class. Notes are used to study for test and quizzes. If you are having trouble seeing the board, let me know immediately.
- Respect is priority. Teachers, students, and classmates must share a mutual respect in order for a proper learning environment to develop. Raise your hand if you would like to speak and be courteous while others are speaking. Please do not borrow things without permission and always clean up after yourself at the end of the period.
- You are responsible for all work missed due to absence. If work is not made up in the allotted time, a grade of zero will be recorded.
- **Extra Help** is **EXTRA** help! I will be more than happy to put in extra time for you **ONLY** after you have done everything in your power to

try and learn the material. Extra help will be available every Tuesday and Thursday during 6<sup>th</sup> and 7<sup>th</sup> period and before school by appointment. Students should come prepared with specific questions to ask during the session.

- **Homework** will be assigned most nights. Homework is due on time. Homework assignments are to be made up when you are absent. If you know you are going to miss class ahead of time, let me know as soon as possible and I will give you the work that you will be missing. You will get a grade for homework for the quarter based upon how many assignments you have done. If you have trouble with any particular assignment, you will still get credit, just as long as you've made a reasonable effort at it, and you come to class with questions to ask.

**Grading Policy Per Quarter:**

- Homework 10%
- Quizzes 30%
- Tests 60%

**ALGEBRA I REGENTS EXAM- JUNE 2022!**

**GOOD LUCK AND STRIVE FOR GREATNESS!!!**

Raise your hand if you would like to speak and be courteous while others are speaking. Please do not borrow things without permission and always clean up after yourself at the end of the period.
- You are responsible for all work missed due to absence. If work is not made up in the allotted time, a grade of zero will be recorded.
- **Extra Help** is **EXTRA** help! I will be more than happy to put in extra time for you **ONLY** after you have done everything in your power to try and learn the material. Extra help will be available every Tuesday

and Thursday during 6<sup>th</sup> and 7<sup>th</sup> period. Students should come prepared with specific questions to ask during the session.

- **Homework** will be assigned most nights. Homework is due on time. Homework assignments are to be made up when you are absent. If you know you are going to miss class ahead of time, let me know as soon as possible and I will give you the work that you will be missing. You will get a grade for homework for the quarter based upon how many assignments you have done. If you have trouble with any particular assignment, you will still get credit, just as long as you've made a reasonable effort at it, and you come to class with questions to ask.

**Grading Policy Per Quarter:**

- |            |     |
|------------|-----|
| • Homework | 10% |
| • Quizzes  | 30% |
| • Tests    | 60% |

**ALGEBRA II REGENTS EXAM– JUNE 2022!**

**GOOD LUCK AND STRIVE FOR GREATNESS!!!**
