

**THREE VILLAGE
CENTRAL SCHOOL DISTRICT**

The mission of the Three Village Central School District, in concert with its families and community, is to provide an educational environment which will enable each student to achieve a high level of academic proficiency and to become a well-rounded individual who is an involved, responsible citizen.

Arrowhead Elementary School

March, 2017

To the Parents of our Arrowhead 5th and 6th Graders,

As part of our Universal Screening process which takes place three times a year, your child has taken the Scholastic reading Inventory (SRI). The SRI is a low-stakes, classroom-based assessment designed to evaluate students' reading ability, monitor student reading progress, set goals for reading growth, and match students to books at their reading level.

The SRI is taken on a computer and lasts 20-30 minutes. The types of questions a student receives and the results that are reported are based upon the student's grade and reading level.

After each Universal Screening, your child's results are released to you via the Parent Portal. Your child's winter screening results have now been made available to you on the Parent Portal. The score from the SRI helps teachers to identify students who may be reading above grade level text. The score can also help students to choose text within their lexile range (50 points above or below their score). You can find out the lexile level of many books by visiting the website www.lexile.com/findabook. This is a free service that is easy to use.

Please feel free to contact me or your child's classroom teacher if you have any questions about your child's SRI results.

Sincerely,

Marisa Redden

Marisa Redden
Principal
