Dear Parent/Guardian,

As of July 1, 2018, New York State law requires a health examination for all students entering the school district for the first time and when entering Pre-K or K, 1st, 3rd, 5th, 7th, 9th and 11th grades. A dental certificate which states your child has been seen by a dentist or dental hygienist is requested at the same time.

- A copy of the health examination must be provided to the school within 30 days from when your child first starts school and/or when your child starts Pre-K or K, 1st, 3rd, 5th, 7th, 9th and 11th grades.
- If your child has an appointment for an exam during this school year that is after the first 30 days of school, please send the appointment details to the Health Office.
- Please review immunization records with your child's health care provider to ensure that they are compliant with annual requirements. You can view the records currently on file in the Health Office on the Parent Portal>Health Section.

The NYS required form, which is located on the District website under Health/Medical Forms, must be used to record health exam results. We suggest making copies of the completed forms for your own records prior to submitting them to the Health Office.

If you have any questions, please contact your child's Health Office.

Thank you,

Dawn Mason, Ed. D.
