Sarah Kiersh, Assistant Principal**

### **Minnesauke Elementary School**

*Students of Minnesauke Elementary School will strive to achieve their highest academic potential while respecting themselves and all others as reflected in our Minnesauke STARS Pledge.*

2019

To the Parents or Guardians of 5<sup>th</sup> and 6<sup>th</sup> Graders,

As part of our Universal Screening Process which takes place three times a year for students in grades 5 and 6, your child will be using the *Scholastic Reading Inventory* (SRI). The SRI is a low-stakes, classroom-based assessment designed to evaluate students' reading ability, monitor student reading progress, set goals for reading growth, and match students to books at their reading level. The SRI is taken on a computer and lasts 20-30 minutes. The types of questions a student receives and the results that are reported are based upon the students' grade and reading levels.

After each Universal Screening, your child's results will be made available to you via the Parent Portal. The score from the SRI helps teacher to identify any students who may be struggling with reading grade-level text, as well as identify students who may be reading above grade-level text. The score can also help students to choose text within their lexile range (50 points above or below their score). You can find out the lexile level of many books by visiting the website [www.lexile.com/findabook](http://www.lexile.com/findabook). This is a free service that is easy to use.

If you have any questions or concerns about your child's SRI results, please feel free to contact your child's classroom or reading teacher. Thank you for your continued support.

Sincerely,

Nancy Pickford  
Principal
