CODEGIRL

The tech world has always been a boys game… but that code is about to be rewritten.

FREE SCREENING & PANEL DISCUSSION

Presented by
SETAUKET ELEMENTARY SCHOOL
TUESDAY March 1, 2016
7:00 PM

CodeGirl is a documentary that follows teams of high school aged girls from around the globe as they compete in the annual Technovation Challenge. The girls have 3 months to develop an app that attempts to solve a problem in their local community. They size up their competition, interact with teachers and mentors, learn to code, and pitch their ideas. Regional winners travel to Northern California to compete at World Pitch Night. The winning team gets $10K in funding and support to complete the app development and release their app on the market.

But it's not about the winning....it's about what the girls discover along the way.

We are pleased to announce our distinguished panel of guests:

☆ **Amy Huang**, *WMHS junior in the InSTAR® program and resident coder*
☆ **Dr. Marnie Kula**, WMHS *Science Department Chair & InSTAR® Science Research Director*
☆ **Dr. Angela Kelly,** *CESAME, Stony Brook University Associate Director of Science Education/ Asst. Professor of Physics & Astronomy*
☆ **Melora Lofretto**, *Executive Director/Co-Founder of kidOYO & CodeLI.org*
☆ **Neela M. Lockel***, LMSWA-MPA, Executive Director of Girls Inc Long Island, UWLI*
☆ **Jaquelyn Sheehan**, *Coordinator, Women in Science & Engineering (WISE) Stony Brook University*
