

Dear Third Grade Students and Families,

Summer has arrived. While 2<sup>nd</sup> grade memories are fresh in our minds, I'd like to take this opportunity to welcome you to 3<sup>rd</sup> grade. I'm Mr. Rotunno and I will be your child's teacher for the 2019-2020 school year.

Third grade will be a challenging, yet rewarding experience. Some of the special activities planned for you are engaging science experiments, reading and writing projects, learning about many countries and continents, and fun math activities.

Have you read any good books lately? Please bring a chapter book that you are looking forward to reading with you on the first day of school.

A supply list is available on the Three Village Parent Portal for your convenience. Please have all supplies in the first week of school. Please do not purchase a school bag with wheels. They tend to be a safety hazard around the bus circle.

I anticipate a very exciting, productive, and enriching year with you. Enjoy your summer. I will see you in September!

Sincerely,

Mr. Rotunno
