

Intermediate Math

Mrs. Dillon

Materials needed for class everyday:

- ❖ Ti- 84 graphing calculator
- ❖ A binder (preferred due to the number of handouts).
- ❖ A pen/ pencil

Grades:

Student's grades will consist of three categories:

1. Classwork/ participation/ take home assignments-15%
2. Tests-50%
3. Quizzes-35%

Grades will be viewable on the parent portal.

Classwork/ participation/ take home assignments- Will consist of materials given in class and finalized either in class or at home for a grade.

Tests- There will be at least 3-4 tests each quarter. If you miss a test you must schedule a makeup time with me. A missed test that is not made up will result in a zero grade.

Quizzes- Quizzes will most likely be announced. Once again, if you miss a test or grade you must schedule a makeup time with me. A missed quiz that is not made up will result in a zero grade.

It is to your advantage that you keep a well- organized notebook with accurate notes. Open notebook quizzes may also be given.

Attendance:

Every class is very important! You are to be on time for class, which is, in your seat before the bell rings. You are also to be prepared bringing all expected materials. My classroom attendance policy follows that of the high school. Please refer to the attendance office if you have any questions about the attendance policy or need to change attendance documentation.

When absent from class it is your responsibility to copy notes, make up missed work, etc. Any student who cuts class will receive a zero for any tests, quizzes, or graded assignments that were given or due that day.

Extra Help:

Extra help will be given after school. Days will be announced. Please attend extra help within one week of your absence, if needed, due to missed class time.

Electronics/ Phones:

All cell phones/ electronic devices are away during class. As essential as cell phones have become in today's society, it can be an extreme distraction to learning.
