

SUMMER FUN

AT THE LONG ISLAND MUSEUM

JULY & AUGUST 2025

STUDENT PROGRAMS

TINY EXPLORERS SUMMER CAMP

ENTERING GRADES K-2

Calling all young scientists and artists! This exciting summer camp invites curious minds to explore the wonders of science and art through hands-on, inquiry-based learning at the art museum. Through guided exploration, storytelling, and interactive activities, children will ask questions, test ideas, and make connections between science and the world around them.

With plenty of opportunities for hands-on play, creativity, and discovery, this camp fosters a love of learning in a fun and engaging environment. Come explore, experiment, and create with us this summer! Join either week or both!

Week 1: July 21-25 | 9:30-12:00 PM

Week 2: July 28-Aug 1 | 9:30-12:00 PM

Cost: \$200 LIM Members / \$225 non-members

BEGINNER UKULELE WORKSHOP WITH JOHNNY CUOMO

ENTERING GRADES 1-3

Join local musician and early childhood educator Mr. Johnny for an introduction to the ukulele! Learn the basics, such as the parts of the instrument, string names, simple chord shapes and strumming. The ukulele is the perfect size and shape for an introduction to string instruments and each child will receive a ukulele to keep included in their registration fee.

Dates: Thursdays July 10, 17, 24, 31, Aug 7 & 14 | 3:30 – 4:15 PM

Cost: \$200 LIM Members / \$225 non-members

INTERMEDIATE UKULELE WORKSHOP WITH JOHNNY CUOMO

ENTERING GRADES 1-3

Join local musician and early childhood educator Mr. Johnny for an intermediate class on the ukulele! Go beyond the basics and add more chords to expand your songbook, all in a joyful and encouraging environment.

Dates: Thursdays July 10, 17, 24, 31, Aug 7 & 14 | 4:30- 5:15 PM

Cost: \$150 members / \$175 non-members

HANDS-ON HISTORY CAMP: YOUNG HISTORIANS

ENTERING GRADES 3-5

Step back in time for a history adventure! Using the museum's amazing collection of objects and art, we'll play and create as we explore life long ago. What did children wear? What were toys like? What chores did children do? What kinds of jobs could children hope to do when they got older? Our young historians answer these questions and more during this fun-filled program.

Dates: Week of July 14-18 | 10:00 AM -12:00 PM

Cost: \$200 members / \$225 non-members

SCIENCE EXPLORERS

ENTERING GRADES 3-5

Get ready for a fun and interactive science adventure at the museum! This hands-on class will dive into the exciting worlds of physics, chemistry, earth science, and biology through engaging experiments and activities. Students will explore the fundamental principles of science in a creative and stimulating environment by investigating the forces of motion, exploring the wonders of the natural world, experimenting with states of matter, and even get up close with living organisms—all while developing critical thinking and problem-solving skills. This class will spark curiosity and excitement for young scientists. Join us for an unforgettable learning experience where science comes to life! Join either week or both!

Week 1: July 21-25 | 2:00-4:00 PM

Week 2: July 28-Aug 1 | 2:00-4:00 PM

Cost: \$200 members / \$225 non-members

HANDS-ON HISTORY CAMP: JUNIOR HISTORIANS

ENTERING GRADES 6-8

Step back in time for a history adventure! Using the museum's amazing collection of objects and art, we'll explore life long ago. What was day-to-day life like? What work did children have to do? How did they have fun? How did they dress? Our junior historians answer these questions and more during this fun-filled program.

Dates: Week of July 14-18 | 1:00-3:00 PM

Cost: \$200 members / \$225 non-members

TEEN CREATOR COMIC CLUB

ENTERING GRADES 6-8

Students will learn about the art of creating comics by exploring overall concept, character development, setting, and storyline. The instructor, Mx. Anu Annam, imparts drawing and color lessons that they developed throughout their 30 years as an artist and arts educator. This inclusive class is open to all levels and abilities.
